Respected Sir,

Subject: Clarification of difference in the turnover of the current year over the last year.

I **Jaswanth L**, Auditor of the Proprietorship "**The Village Milk**" do hereby clarify that the turnover in the last year as per Books and Income tax Act, 1961 is Rs.92,95,478 and the turnover in the current year is Rs.3,50,12,550 as per books and the same is shown in the Income Tax Act, 1961. The reason for increase in the turnover is due to expansion of business which is clearly verified and true as per my knowledge.

Thanking You
